NEWPORT DAILY NEWS.

THE LAST HOURS OF A SINGLE GENTLEMAN.

This morning, April 1st, at half-past eleven precisely, an unfortunate young man, Mr. Edward Pinkney, underwent the extreme penalty of infatuation, by expiating his attachment to Mary Ann Gale, in front of the altar railings of St. Mary's Church.

It will be in the recollection of all those friends of the parties who were at Jones' party at Brixton, two years ago, that Mr. Pinkney was there, and first introduced to Mary Ann. From that period commenced the intimacy between them which terminated in this morning's catastrophe.

Poor Pinkney had barely attained to his twenty-eighth year; but there is reason to believe that but for reasons of a pecuniary nature, his single life would have come earlier to an untimely end. A change for the better, however, having occurred in his circumstances, the young lady's friends were induced to sanction his addresses, and thus to become accessories to the cause for which he had just suffered.

The unhappy man passed the last night of his bachelor existence in his solitary chamber. From half-past eight to ten; he was busily engaged in writing letters. Shortly after ten, his younger brother, Henry, knocked at the door, when the doomed youth told him in a firm voice to "come in." On being asked when he meant to go to bed, he replied, "Not yet." The question was then put to him how he thought he would sleep; to which his answer was, "I don't know." He then expressed his desire for a cigar and a glass of grog, which were supplied him. His brother, who sat down and partook of like refreshments, now demanded if he would want anything more that night. He said, "Nothing," in a firm voice. His affectionate brother then rose to take leave; when the devoted one considerably advised him to take care of himself.

Precisely at a quarter of a minute to seven, the next morning, the victim of Cupid having been called according to his desire, rose and promptly dressed himself. He had the self-control to slave himself without the slightest injury; for not even a scratch upon his chin appeared after the operation. It would seem that he had devoted a longer time to his toilet than usual.

The wretched man was attired in a light blue dress coat, with frosted metal buttons, a white waist-coat and nankin trousers, with patent leather boots. He wore round his neck a variegated satin scarf, which partially concealed the Corazza of his bosom. In front of the scarf was inserted a diamond breast-pin of conspicuous dimensions. Having descended the stair-case with a quick step, he entered the apartment where his brother and a few friends were awaiting him. He shook hands cordially with all present, and on being asked how he had slept, answered "Very well," and to the further demand as to the state of his mind, he said, "He felt happy."

One of the party having been on sugges-

ted, that it would be as well to take something before the melancholy ceremony was gone through, he exclaimed with some emphasis, "Decidedly." Breakfast was accordingly served; when he ate the whole of a French roll, a large round of toast, two sausages, and three new laid eggs, which he washed down with two great breakfast cups of tea. In reply to an expression of astonishment on the part of a person present, at his appetite, he declared that he never felt heartier in his life.

Having enquired the time, and ascertained that it was ten minutes to eleven, he remarked that "it would soon be over." His brother then enquired if he could do anything for him; when he said he should like a glass of ale. Having drank this, he appeared satisfied.

The fatal moment now approaching, he devoted the remaining brief portion of his time to distributing among his friends those little articles which he would soon no longer want. To one he gave his cigar case, to another his tobacco stopper, and he charged his brother Henry with instructions to deliver it, after all was over, with due solemnity to the landlady.

The clock at length struck eleven; and at the same moment he was informed that a cab was at the door. He merely said "I am ready," and allowed himself to be conducted to the vehicle, into which he got with his brother; his friends following in others.

Arrived at the tragical spot, a short but anxious delay of some seconds took place; after which they were joined by the lady with her friends. Little was said on either side, but Miss Gale, with customary decorum, shed tears. Pinkney endeavored to preserve a composure; but a slight twitching in his mouth and eyebrows proclaimed his inward agitation.

The ill-starred bachelor having submitted quietly to have a large white bow pinned to his button hole, now walked, side by side, with Miss Gale, with a firm step, to the altar. He surveyed the imposing preparations with calmness; and gazed, unmoved on the clergyman, who assisted by the clerk, was waiting behind the railings.

All necessary preliminaries having now been settled, and the prescribed melancholy formalities gone through, the usual question was put. "Wilt thou have this woman for thy wife?" To which the rash youth replied, in a distinct voice, "I will." He then put the fatal ring on Miss Gale's finger—the hymenial noose was adjusted, and the poor fellow was launched into matrimony.

PUNKPOG DEBATING SOCIETY.—The debate on the question "Is it expedient to cultivate polywogs for the use of the table?" suggested by the introduction of Long Pond water, having at length terminated in the negative, after a prolonged discussion of nine weeks; the next subject will be as follows:

"Is the discovery of the revolution of the earth (obtained by the aid of sight, and sustained by science,) analogous to a mere opinion arrived at in a person's own heart, independent of science or the senses?"
Boston Bee.

There was a terrible storm at Key West on the 11th ult., the following is a brief account of its disastrous effects:—

The Picayune of the 23d inst., says it is indebted to Lieut. Pease for the details of a terrible gale in the Gulf, of a fury, which is unexampled. To begin at Key West. It commenced blowing from the North-East on the morning of the 11th, and the tide rose rapidly. The storm increasing in violence, raged to a hurricane until midnight, when it abated. The next day it blew a moderate gale. But the hurricane had swept away every dwelling house save six, in Key West. They were totally destroyed. The Custom House, and the Marine Hospital, were both unroofed. It is supposed, that of Government property destroyed the amount is \$300,000. The loss of life is very great. A great many persons were drowned, and killed by falling buildings. The light house and dwelling house attached were destroyed, and 14 souls perished in these buildings. The Sand Key light house is gone, and the buildings and the people in them.

The current ran six miles an hour through Key West. As far as ascertained, fifty persons had lost their lives. Stone could, notwithstanding the gale, so violent were the elements. The scene was awful in the extreme. The Spitfire put in at Kingston for coal; as reported by Commodore Sloan, she leaked some.

Schr. St. Dennis, from Newport, R. I., came in dismantled, and since sold for \$2000 to the agent of the Underwriters to lighten the vessels whose cargoes are insured.

About 30 vessels are ashore, and many lives were lost.

Among those lost in the light house, we regret to announce Mrs. Williams, her mother and two sons, of this town.

THE MAILS.—The steamer Oregon, which left New York on Saturday afternoon with the mails on board, when off Hurl Gate came in contact with a bark, and sustained so much damage that she was obliged to put back. An express was immediately arranged to convey the mails and passengers for the Cambria, which left Boston on Sunday, over the Long Island railroad.

A detachment of fifty German recruits under the command of Lieut. H. Browne, embarked at New York on Friday, in the brig Ellen & Clara, for Fort Brooks, Tampa Bay, Florida.

Gen. Jeap has at his command thirty two steamers for transporting troops and supplies to Tampico; besides, there are vessels of light draught, numbering in all nearly a hundred guns, which may be made use of to cover the landing of our force at Tampico.

The receipts at the New York custom house during the last week, are estimated at \$75,000.

Thursday, the 3d of December, has been appointed as a day of thanksgiving in Maine.

The New Orleans papers contradict Lieut Owen's report, that Santa Anna had arrived at Saltillo, at the head of 13,000 troops.

We most heartily congratulate our old friend, Capt. Scofield, editor of the New London Morning Star, on receiving the intelligence of a vast fortune that has been bequeathed to him by an uncle, situated in Scotland, and said to be worth about \$800,000. At first, we were inclined to think this was a mistake, but we hardly take up a paper, without seeing something said about it; and we saw a gentleman on Saturday, direct from New London, who told us it was true. The reason we doubted it, was, not because we did not want to believe it, for we know of no man who is more worthy to come in possession of such a fortune, than Mr. Scofield; but we thought it too good to be true; we rejoice, though, to be happily disappointed.

But the idea of a printer—yes, a printer! having such a "wind-fall" as this, ought to make the whole craft "rejoice with exceeding joy." We doubt not but Capt. Scofield "will do the needful."

FROM SANTA FE.—News from Santa Fe to Sept. 17: Gen. Kearney had returned from the South, after a successful tour. The people, except the rich, received him with joy. He was to march for California on the 25th of September.

The steamer Sea, supposed to have been lost in the gale arrived at the Brazos on the 3d instant. She brought down half a million of dollars, and the steamer Whiteville, which arrived on the 6th, brought \$40,000 more.

SUDDEN DEATH.—Mr. Elisha Case, aged about seventy years, dropped down dead yesterday afternoon, in the office of Mr. Henry Oman.

The United States Clothing Store offer great bargains, to those in want of clothing—try them.

Miss Dix, the philanthropist, lies dangerously ill at the Lunatic Asylum, Columbus.

Three printers are running for Congress, in Massachusetts. They are all whole-souled, talented fellows, well worthy of an election.

One half of the whole net revenue of Great Britain, is devoted to paying the interest of the cost of former wars, and nearly one half of the remainder is spent in preparing for future wars, viz: in maintaining the Army and Navy.

COUGH IN HORSES.—The boughs of the common cedar, cut fine, and mixed with the food of horses, is said to be an effectual remedy for the troublesome and very prevalent disease called "cough."

CHARITY.—How noiselessly the snow comes down! You may see it, feel it, but never hear it. Such is true charity.

BEAT THIS WHO CAN.—An old lady of this town, says the Danver Courier, more than eighty years of age, recently piled up three cords of Eastern wood, between the hours of 7 and 9 in the evening. There are many able bodied young men who would consider such an exploit not a very easy task.

At the storming of Monterey, General Taylor reserved the most dangerous and exposed positions for himself. After he entered the town, his horse was killed under him, and he fought on foot a whole day, personally exposed to a murderous fire.

An Enigma, said to have been written by Mr. Canning, which for a length of time baffled the skill of all England to solve.

"There is a word of plural number, A foe to peace and human slumber, Now any word you chance to take, By adding S, you plural make; But if you add an S to this, How strange the metamorphosis, Plural, is plural then no more, And sweet what bitter was before."

SOLUTION.—the word is *carcs*, to which, by adding an s, you have *carcs*.

THE AGE OF IMPROVEMENT.—Among the many blessings attendant upon improvements in the social condition, and the advances of our race in intelligence, is the prolongation of human life. With the increase of intelligence, has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the strides of science, have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age in ameliorating the condition of this large class of suffering humanity, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and conserves, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and so strong, that time cannot destroy it. The success which has attended this medicine for several years past; has overcome the prejudice of all respectable and sensible men, and the article has taken a stand among the first class of discoveries and blessings of the age; and when resorted to in season, eradicates the disease for which it is recommended.

Dr. Banning's Patent Body Lace, For Weakness of the Larynx.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lace, and be put off with nothing else.

New and More Testimony.

WARREN, August 22, 1846.
Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lace which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—and my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lace, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It cures the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls—When used on children's heads, it lays the foundation of a good head of hair.

TO THE AFFLICTED. DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will inclose say, that I have been sick since I strained my breast and lungs in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case, frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.

Yours, &c. **WM. RANKIN.**

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

STEPHEN BROOKS, JR. PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health, has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher.

Doctor Boardman, proprietor of Bannings celebrated Patent Holly Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuritis, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

PEACH, Rose, and Orange Flower Water, in large or small quantities, at **R. J. TAYLOR'S.**

June 30.

From the Brooklyn Daily Advertiser.

17-A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific **RADWAY'S CHINESE MEDICATED SOAP**. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, **RADWAY'S CHINESE MEDICATED SOAP**, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this estimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-13 cents per cake. Sold in Newport by **R. J. TAYLOR, Agent.** Aug 7

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your special and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferber and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for **BANNING'S** Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a fine simile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS.

"All persons require" such. **DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE** is rapidly producing achievements never before known in the cure of diseases. The immensity of its powerful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843

Sir: I have sold all the pills I had had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for two years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time.

Yours respectfully,

J. E. F. MARSH.

Portland, Me., Nov. 7th, 1844.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised highly. I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully,

J. MASON.

Chils a, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills! my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, **W. M. HALSTAD.**

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physic, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done Wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.
